

Laying Pattern – Roman Bond

The Mediterranean flair is further enhanced by laying the tiles in a Roman pattern. This laying pattern is characterized by different sizes, which are laid in the pattern outlined below.

One set (0.74 m²) consists of:

- 1 tile 61 × 40.6 cm
- 2 tiles 40.6 × 40.6 cm
- 1 tile 20.3 × 40.6 cm
- 2 tiles 20.3 × 20.3 cm

The sets are cut without joints. If you want to lay them with joints, all tiles must be pulled apart slightly. The resulting different joint widths further emphasize the rustic effect of the Roman pattern.
